EGFA-34543, 23 June 1961

1. We are forwarding for your information under separate cover the raw materials which were used in briefing and debriefing AECASSOWARY/29 and AECASSOWARY/43 for the latter's mission into FJSTEAL. These materials consist of three parts:

a. Materials less maps and graphics used to support and brief AECASSOWARY/29 for the purpose of briefing AECASSOWARY/43 (Attachment A).

b. Materials prepared by AECASSOWARY/29 in Ukrainian to brief AECASSOWARY/43 including some practical exercises performed by AECASSOWARY/43 and two assessments of AECASSOWARY/43 (Attachment B).

c. Original raw debriefing report including assessments of AECASSOWARY/43's performance prepared by AECASSOWARY/29 from which reference was derived (Attachment C).

2. We believe that an examination of this material will provide a clear insight into the methods and procedures which were used in preparing AECASSOWARY/43 for this operation. We are particularly interested in a close examination of Attachment B, as this will reveal how much AECASSOWARY/29 absorbed of our briefing and how much of our materials he actually passed to AECASSOWARY/43 and with what level of emphasis.

3. We would appreciate any comments and suggestions Headquarters may have concerning either the materials or the general procedure.
